

St. Peters Bone & Joint Surgery Stays Connected with the Community!

On August 16th, the 60+ Senior Women's Sho-Me softball team competed in the State of Missouri Show-Me games in Columbia, MO. This tournament was the State's qualifier for the Senior Olympics which will be held in San Francisco in 2009. Although the Sho-Me 60+ team spent the day playing teams in younger age divisions, they played well and were very competitive, while successfully qualifying for a place in the Senior Olympics. They even won a game against one of the teams from the 50+ division at the tournament!

Vera Blum, a patient of Dr. Timothy Graven, says "The players of Sho-Me 60+, Sho-Me 55+ and Sho-Me 50+ all thank our sponsors St. Peters Bone & Joint and Delmar Gardens for providing us with funds to cover our team registrations at this tournament that is so important to us and our softball team."
